

TRAVEL WITH WORLD RELIEF

MINISTRY TRIPS

God is on the move, all around the world, and we are moving with him! We invite you to travel with us as we see the transformative way churches are being empowered to serve the most vulnerable in their communities, and explore how God might be leading you to engage with him through World Relief in his movement!

We hope you consider joining us on an upcoming Ministry Trip!

Ministry Trips are strategically designed to engage current Church Partners in the ongoing ministry activities of local churches in their country of partnership. By working alongside volunteers, pastors and WR Staff, there is an emphasis on “being” over “doing” as is one of the key ways that we live out our commitment of relational connectedness.

Country Ministry Trips occur annually, and teams are typically made up of multiple partners from the U.S. traveling together. Our desire is to foster community amongst our partners even as we create intentional time for your distinct group to engage with one another, local churches and WR Staff!

Ministry Trip activities are customized based upon the gift make-up of team participants and the current country goals, and trip schedules are typically solidified three months prior to travel.
