

Church Communication Resources

In the midst of the greatest displacement crisis in recorded history, we are reminded of Acts 17:26 which declares that God sovereignly appoints the times and places of every person for his redemptive purposes. God is moving *in and through* this global movement of people, and we believe he wants his Church to move with him.

That is why this **World Refugee Month** we invite you to join World Relief and other churches across the US as we elevate this moment in history and participate in God's redemptive movement through generosity, advocacy, and prayer.

Below are resources designed to equip you as you engage your congregation in World Refugee Month.
