

LOW COST COMPUTER AND INTERNET SERVICES

Having access to a computer and the internet is something that many families desire and will ask for when they first arrive. Access to the internet can help individuals stay connected to their families, search for jobs, and continue their education.

Internet Essentials will provide low-cost refurbished computers to families that meet certain income qualifications and low-cost internet to families who have children who are eligible for the National School Lunch Program.

Access from AT&T is available for individuals or families where at least one member receives SNAP or Supplemental Security Income (SSI) benefits. The internet plans range from \$5.00 to \$10.00 per month. Please note that it is very important for a family to notify Access from AT&T if they are no longer eligible for the program, as they will lose service and be billed at the regular rate.

If the family is not yet in a financial situation where they can purchase a computer, the library offers free access to computers and the internet. While it may not be the most convenient situation, libraries provide many great resources that families can utilize to meet their needs.
