World Relief Volunteer Handbook

Statement of Purpose

Welcome to the World Relief Team! This handbook was put together as a resource to support your engagement with World Relief as a volunteer. The content within this handbook will help you understand World Relief's history, programs in the United States, volunteer practices and policies as well as the support and resources you are provided as a World Relief volunteer.

World Relief focuses on four main buckets of work: addressing disasters, poverty, violence & oppression and mass displacement of people around the world. As a global humanitarian community, for over 80 years, across 100 countries, we've been connecting people like you to the world's greatest needs—extending your compassion to millions of suffering men, women and children. Together we're creating change that lasts—today, tomorrow and for generations to come.

Here in the United States, you get to be a part of how we as an organization carry out our mission. Our US Programs work focuses on a holistic approach of compassion, advocacy, and practical support, and can be broken down into three distinct, yet integrated, elements:

Provide vital services

When you help us provide vital services, you ensure that the most basic of needs are being met for our immigrant neighbor.

These include: Immigration Legal Services, Employment & Economic Opportunity, Youth & Family Support, Resettlement, Adult Education, Mental Health and Psychosocial Support.

Build just and welcoming communities

We equip churches and community members with the information they need to educate, advocate and take action with and on behalf of our immigrant neighbor.

We work to change systems and resulting injustices that marginalize refugees and other immigrants in the US.

Bring people together

We connect churches and community members with immigrant families to foster transformative relationships, where both new and long-term community members flourish and find a sense of unity and belonging.

Overview

Programming Model

World Relief is compelled by a vision of restoration, rooted in the belief that every person bears God's image and was made to flourish. That vision shapes everything we do – especially how we walk alongside refugees and other immigrants rebuilding their lives in the United States. Our work focuses on a holistic approach of compassion, advocacy and practical support, which can be categorized into three distinct yet integrated elements: providing critical support, building communities of belonging, and bringing people together.

We care for newcomers holistically, facilitating integration through targeted programming in the areas of Economic Empowerment, Adult Education, Mental Health & Psychosocial Support, Immigration Legal Services and Initial Resettlement. As churches and volunteers lead the way in welcoming and walking with immigrant families, the entire community benefits: relationships deepen, understanding grows and a shared sense of purpose emerges. We believe in mutual transformation. As families and individuals are meaningfully connected to the people and places around them, they move from stability to integration, becoming an integral part of the community where they can truly flourish.

ECONOMIC EMPOWERMENT

World Relief's Economic Empowerment programs are designed to break down barriers and create clear pathways to success. We walk alongside work eligible immigrants, equipping them with the tools, training and networks they need to achieve economic stability and build a life in the U.S. where they can thrive.

ADULT EDUCATION

For many, learning English is one of the greatest challenges they face. Gaps in language affect entire families, making it harder to secure employment, participate in community life, or support their children's academic success. World Relief's Adult Education Services equip individuals and families with the tools and opportunities they need to build stable, fulfilling lives in the United States.

IMMIGRATION LEGAL SERVICES

Through a network of attorneys and Department of Justice-accredited legal practitioners, World Relief provides low-cost, high-quality services for green card applications, work permits, family reunification, naturalization, asylum and more. We also equip church-based churches and community partners across the country with the tools and training they need to expand access in hard-to-reach areas. Our free, multilingual Immigrant Resource Hub offers up-to-date legal information, "Know Your Rights" resources and tools to help immigrants understand and protect their rights. Together, these efforts form a nationwide ministry of justice, helping families find their footing and communities become places of true welcome.

MENTAL HEALTH & PSYCHOSOCIAL SUPPORT

At World Relief, we believe that healing is not only possible but is part of God's redemptive plan. Our mission is to boldly engage the world's greatest crises in partnership with the church – because we believe the church is called to be a refuge, a place of compassion, and a vessel of Christ's restorative love. Through our Mental Health and Psychosocial Support programs, we come alongside immigrant families with care that is practical, culturally relevant and rooted in the deep conviction that every person is made in the image of God and worthy of healing.

INITIAL RESETTLEMENT

World Relief's Initial Resettlement services aim to provide stability for newcomers within the first months of arriving to the United States. Services include airport pickup, housing, food, and transportation, among other stability services. We believe that welcoming newcomers strengthens the social fabric for all.

We continuously innovate our programs to address the needs of newcomers while building on their incredible strength. All our volunteer opportunities are developed around the strengths and needs of our new neighbors and the 9 stability factors.

Integration is not assimilation; rather, Integration brings about mutual transformation for both the newcomer and the receiving community. Those surrounding the family or individual benefit as well from the strengths, talents, and perspectives of these Individuals from different cultural backgrounds.

Organizational Policies

PSEAH, Mandated Reporting, Working with Minors, Confidentiality, Social Media-Ethical Storytelling, Non-Proselytizing, Driving with World Relief, and Health & Safety

Protection from Sexual Exploitation, Abuse and Harassment (PSEAH)

World Relief has a zero-tolerance for sexual exploitation, abuse and harassment (SEAH), and is committed to protect any person, child or adult, especially individuals in vulnerable situations, exploitative and abusive relationships.

The need for this policy flows from a recognition that World Relief representatives hold power in relation to the communities we work with, World Relief will ensure the fulfillment of our moral obligation to protect minor children and other vulnerable members of society from abuse exploitation, neglect, and other forms of violence.

First, let's look at the difference between Sexual Abuse, Sexual Exploitation and Sexual Harassment —

- Sexual abuse is any actual or threatened physical intrusion of a sexual nature, whether by force or under unequal or coercive conditions.
- Sexual exploitation is any actual or attempted abuse of position of vulnerability, differential power, or trust, for sexual purposes, including but not limited to, coercing individuals into engaging in sexual activities in exchange for aid, services, employment opportunities or other benefits.
- Sexual Harassment is a range of unacceptable and unwelcome behaviors and practices of a sexual nature that may include but not limited to, sexual suggestions or demands, requests for sexual favors, sexual verbal or physical conduct or gestures that are or might reasonably be perceived as offensive or humiliating.

Sexual Abuse, Sexual Exploitation and Sexual Harassment are related terms, but they do have subtle distinctions.

World Relief's 9 PSEAH Principles Include:

01. **Equal Rights**

All individuals, children and adults, have equal rights to protection from harm and abuse.

02. **Duty of Care**

World Relief has a duty of care to safeguard individuals in vulnerable situations with whom the organization is in contact with, or who are affected by our work and operations.

- World Relief representatives have an obligation to create and maintain an environment which protects individuals from SEAH encounters;
- Promotes the implementation of the World Relief's code of conduct; and
- Holds managers at all levels responsible for supporting and developing systems which maintain this environment.

03. **Survivor Centered**

World Relief representatives must ensure that all actions related to safeguarding and PSEAH are taken in the best interests of the individuals, in vulnerable situations.

04. **No Second Chances**

Sexual exploitation, abuse or harassment by World Relief representatives constitute acts of gross misconduct and are grounds for termination of employment or contract, and potential prosecution under criminal, civil or military law. Acts of SEAH are an abuse of power and undermine the integrity and impact of World Relief's work.

05. No Sex With Children

Sexual activity with children (persons under the age of 18) is prohibited regardless of the age of majority or age of consent locally. Ignorance or mistaken belief regarding the age of a child is not a defense.

06. No Abuse of Rank, Role or Position

Any sexual relationship which involves improper use of rank, role or position, or any abuse of power and power imbalances, is prohibited.

07. Don't Hire or Bribe for Sex

Exchange of money, employment, goods, or services for sex, including sexual favors or other forms of humiliating, degrading or exploitative behavior is prohibited. This includes exchange of assistance that is due to program participants.

08. No Dating or Sex with Program Participants

Any dating relationship regardless of sexual intent is prohibited with program participants or anyone receiving benefits from World Relief. Furthermore, sexual relationships between WR Representatives and program participants are prohibited since they are based on inherently unequal power dynamics.

09. Always Report SEAH

Where a World Relief representative develops concerns or suspicions regarding sexual exploitation, abuse or harassment by a World Relief Representative, whether in the same agency or not, they must report such concerns via FaceUp (See details on Page 22 below).

Mandated Reporting

- 01.** Where a World Relief representative develops concerns or suspicions regarding abuse or sexual exploitation by another representative, whether it involves an employee in the organization or a secondary to World Relief, he or she must report such concerns.
- 02.** World Relief representatives have the responsibility to report in good faith any concerns about actual or suspected violations of World Relief's policies or any federal, state or municipal law or regulation governing World Relief operations.
- 03.** Anyone reporting a concern must act in good faith and have reasonable grounds for believing the information disclosed indicates a violation of law and/or ethical standards.
- 04.** World Relief shall take reasonable steps to protect the identity of individuals and keep reports of concerns confidential to the extent possible, consistent with the need to conduct an adequate investigation.
- 05.** World Relief has partnered with FaceUp to establish a unified global reporting platform for incident reports, along with feedback and complaints. Working With Minors

It is essential that we protect the children under our care. Minors are defined as any youth under the age of 18. Guidelines for safely interacting with minors include:

- 01.** No physical restraint or horse play. Keep physical contact to a minimum. Things like hand-holding to cross the street are appropriate.
- 02.** Monitor your self-disclosure and your language.
- 03.** There should be no isolated one-on-one activity with minors, as that can be misinterpreted. Activities with minor(s) should be conducted in a public setting as often as possible, in groups, or with a parent or guardian present.
- 04.** Do not give rides or engage in one-on-one outings or meetings with a minor.
- 05.** As much as possible, have face-to-face greetings and debriefs with the minor's parents or guardians.
- 06.** Always ensure that another adult or other people are present. Be aware of situations that could be misinterpreted.
- 07.** Treat all children with respect, and do not discriminate or exclude anyone,
 - regardless of race, gender, age, religion, ability, sexual orientation, social background, or culture.
 - Create an environment for children to safely and meaningfully participate in decisions that involve them.
 - When appropriate, encourage children to be open and to talk about any issues they have.
- 08.** Do not agree to engage with minors on social media, and do not accept "Friend" requests or the like from any minor that reaches out to you on social media.

Confidentiality

World Relief recognizes confidentiality as a living principle based on the sanctity and dignity of the human person. Therefore, World Relief will respect the privacy of personal information of those it serves or employs. Each volunteer's privacy is also protected.

Volunteers are also responsible for maintaining confidentiality of all information they are exposed to while serving as a volunteer. This information may involve a single staff, volunteer, client, and others or involve overall program or agency business. Failure to maintain confidentiality shall result in termination of the volunteer relationship or appropriate corrective action.

Any and all client or donor information including names, addresses, phone numbers and other data should not be shared without informed consent.

World Relief will not share any client information with volunteers unless:

- The client has agreed to receive volunteer services
- You, the volunteer, have completed and passed a criminal background check and are an approved WR volunteer

Care should be taken when using written or recorded communication like texts, voicemails, and emails, or any identifying information about the person you are working with.

Social Media & Ethical Storytelling

This Policy states that permission must be sought from clients when there is an intention to use their names, stories, or images on social media or any other public platform. Clients must sign release forms for this to be permissible.

Volunteers have an official relationship with the agency and are asked to refrain from representing the agency as such via social media.

It is World Relief's preference that volunteers do not take photos of clients, even if verbal permission is granted, less the power dynamic in the relationship be skewed towards the volunteer. We wish to avoid a situation where a client may feel that they cannot say no to you because of your position as a volunteer for World Relief where they are receiving services.

If the client requests that the volunteer take a picture with them or of them, then this is acceptable.

Non-Proselytizing

World Relief is dedicated to empowering the worldwide local church to serve the most vulnerable. While our Christian faith is an integral part of who we are as an organization, our programs and services are offered equally to all eligible individuals solely on the basis of need.

We do not discriminate in the provision of services based on religion or political affiliation, among other criteria. Our program participants and beneficiaries are not required to profess a certain faith or political opinion nor are they required to participate in religious or political activities in order to receive services. The profession of a particular faith or political affiliation will not secure preferential treatment or additional benefits of any kind for the participant or beneficiary.

As an organization, we do not condone proselytization, which is the use of coercion to force someone to convert to a particular religion or political party. Neither do we utilize funding to conduct activities associated with proselytization.

In serving clients, many of whom have experienced traumatizing situations including persecution, it is vital that all staff, volunteers, interns, and contractors be particularly sensitive to avoid even implied expectations of religious or political conformity. Volunteers and interns should be mindful and respectful of the cultural context and faith traditions of those individuals whom we serve. Whether an individual is a Christian or not, and whether we believe they may ever become a Christian or not, our firm policy at World Relief is to provide the same caring service to all.

Driving With World Relief

The safety and well-being of drivers and all passengers is of critical importance to World Relief. The attitude volunteers take when behind the wheel is the single most important factor in driving safely. A driver has a responsibility to not only protect themselves when on the road but also must do their part to protect those drivers and passengers around them.

Volunteers providing transportation to our clients play an important role as an example of safe driving to our clients about learning about driving in America. World Relief will not ask volunteers to teach a client to drive, unless that volunteer is a professional instructor and donating professional services. There is too much risk involved to make this a viable role volunteers can serve in.

In order for a volunteer to drive clients on behalf of World Relief, the following requirements must be met:

- An approved Criminal and Motor Vehicle Record Check.
- Only qualified drivers are permitted to operate a World Relief vehicle or drive on World Relief business.
- Drivers must be at least 18 years of age to operate a World Relief vehicle. Other age restrictions may apply depending on local office vehicle insurance policies.
- A valid driver's license is required to operate a World Relief vehicle and drive while on World Relief business.
- Regular drivers who operate WR vehicles on a weekly basis must complete an annual defensive driving course.
- Volunteers are required to renew their motor vehicle record check annually through WR's Background Check platform.

- Serious misuse of vehicles and/or inappropriate driving behavior may be grounds for dismissal.
- Car seats are provided and to be used when transporting children.

USE OF PERSONAL AUTOMOBILES

Volunteers may use their personal vehicle for official business when World Relief owned vehicles are not available. A volunteer must be covered by an appropriate level of personal insurance. Volunteers must also pass a Motor Vehicle Review (MVR) before being approved to transport refugee clients in their personal vehicle for World Relief business.

WORLD RELIEF-OWNED VEHICLES

World Relief vehicles are provided to eligible volunteers to enable them to efficiently perform critical job functions for the organization. Before being approved to drive a World Relief vehicle, you must pass a simple driving test administered by a World Relief staff member.

TEACHING FAMILIES AND PROGRAM PARTICIPANTS TO DRIVE

Due to the high risk involved in this activity, volunteers do not teach driving. However, volunteers can help clients study for the knowledge test by gathering materials from the DMV, in the participant's preferred language when possible, reviewing the material, and completing practice tests.

Health & Safety

While World Relief is not requiring all volunteers and interns to receive vaccinations for US based volunteer opportunities, there are certain volunteer opportunities that involve in-person proximity or prolonged exposure to others in enclosed spaces. We strongly encourage all those that can, to complete all vaccinations for prevention of communicable diseases, for the safety of themselves and others.

World Relief will not discriminate against or deny access to any volunteer based solely on the grounds that the individual has a communicable disease. World Relief does however, reserves the right to exclude a person with a communicable disease from the workplace facilities, programs and functions if the organization finds that, based on a medical determination, such restriction (quarantine) is necessary for the welfare of the person who has the communicable disease and/or the welfare of others.

Volunteers and interns who are providing direct services to clients/program participants or meeting with external constituents, will need to have a conversation with their direct WR supervisor or staff contact to define any practices not already included in the safety procedures related to their work and/or procedures of the local office or department to which they are assigned that they will need to incorporate into their work.

Policies for Conduct and Behavior

Volunteer Code of Conduct

To remain faithful to the mission and core values of World Relief, all volunteers are guided by the following code of conduct in carrying out service responsibilities:

AS A WORLD RELIEF VOLUNTEER

- I recognize that all persons have emotional, intellectual, spiritual and physical aspects to their lives, and I will conduct myself, in my work, in a manner that will honor and respect each individual and their beliefs.

- I will not misuse World Relief property or resources or allow any unauthorized person to have or use such property.

IN MY RELATIONSHIPS WITH PROGRAM PARTICIPANTS

- I will not engage in or facilitate any discriminatory or harassing behavior or refuse services to anyone on the basis of race, color, marital status, creed, ancestry, status with regard to public assistance, age, sex, religion, disability, sexual orientation, or nation of origin.
- I will respect the privacy of persons served and hold in confidence all information obtained in the course of professional service.
- I will work to develop and maintain relationships based on mutual respect and trust.
- I will disclose to World Relief all relationships that may create or appear to create a conflict of interest, and I will not use my volunteer relationships to further my own interests.
- I will advocate for the provision of the highest level of service possible.
- I will provide clients effective services appropriate to their needs and to my role as a volunteer.

IN MY RELATIONSHIPS WITH WORLD RELIEF EMPLOYEES AND OTHER VOLUNTEERS

I will try to develop and maintain relationships based on mutual respect and trust. To this end, I will be direct, open, honest, considerate and respectful of others.
- I will respect the confidences of both employees and volunteers, except in situations that pose a threat to the safety and well-being of others as defined by World Relief or the property belonging to World Relief or in cases where the agency must investigate an alleged wrong-doing.

CONCEALED CARRY WEAPON PERMITS

World Relief volunteers are NOT permitted to conceal carry while volunteering with World Relief, as this is not in the best interest of the safety and well-being of clients, especially when working with those that have been through immense trauma in the past.

Volunteer Screening Process

- 01.** Submit volunteer application form on World Relief website
- 02.** Complete “Volunteering with World Relief” orientation on The Workshop
- 03.** Optional- Attend your local office orientation (Only if offered by local office)
- 04.** Complete a background check on Sterling Volunteers

Thorough screening and proper placement of volunteers is important to World Relief and the work that we do with vulnerable immigrants. Although screening volunteers is a way to mitigate potential risk, it also provides a unique opportunity to better understand your motivations as a volunteer applicant and enables us to match you to a volunteer role that best matches your passion, skills and experience.

At WR we look at the knowledge, skills, and abilities needed to be successful in each volunteer role and provide training and development opportunities to grow each of those areas.

The onboarding process for volunteers differs by the type of role, however, the main elements of our onboarding process include an application, orientation, reference and background check, interview and training.

Volunteer Expectations & Agreements

01. BE WILLING TO LEARN, GROW, & BE FLEXIBLE

Working with people from other cultures is challenging and exciting, but it can also be difficult and frustrating. The most successful volunteers are those who keep an open mind, are willing to stretch themselves, and who understand that there aren't always easy answers or quick fixes. Take time to practice self-care and stay connected with your community.

02. COOPERATE WITH WORLD RELIEF STAFF

If you feel a program participant's needs are not being met, please reach out to the Volunteer Coordinator to discuss your concerns. Please understand that we have the program participants' best interests in mind and want to see them become self-sufficient and integrated into their communities. We would be happy to talk in-depth about any of these matters and value your sensitivity and care.

03. WORK ALONGSIDE WORLD RELIEF'S MISSION, VISION, & VALUES

As a Christian global humanitarian organization we are committed to serving, working alongside, and advocating for refugees and other immigrants in vulnerable situations. We recognize that our volunteers and program participants come from a variety of backgrounds and faith practices, and we seek to respect and learn from each of them. We ask that volunteers agree to work alongside and respect the mission and vision of World Relief, even if these are not personally held values. Conversely, we strongly discourage any form of proselytizing (attempting to coerce or convert someone to your religion or political opinion). If you have any questions or concerns about this, we encourage you to speak with your Volunteer Coordinator.

(continued on the following page)

04. **COMPLETE THE VOLUNTEER SCREENING PROCESS**

For the protection of our participants, volunteers must complete a screening process that includes multiple steps. If your volunteer role involves driving, you must also pass a motor vehicle records check. Your information is confidential and will not be used for any other purpose.

05. **KEEP YOUR COMMITMENT**

Volunteers agree to various time commitments, depending on their roles, and are required to let the World Relief staff know when they will not be able to fulfill any agreed upon obligation, either temporarily or long term. If you need to cancel and it is less than 24 hours, please send the volunteer team an email. This includes but not limited to: Jury Duty, Family Emergency, Sudden Illness, and Military Duty

06. **COMMUNICATE**

Volunteers are encouraged to communicate with the Volunteer Coordinator with any questions or feedback. If a concern about the health and safety of a program participant is in question, please contact a World Relief staff or Volunteer Coordinator as soon as possible. After each commitment, volunteers will take time to debrief with the Volunteer Coordinator. This is an important time for the volunteer to process their experience and for the Coordinator to learn how World Relief can better serve its volunteers and participants in the future.

Tracking Volunteer Hours

Volunteers are required to consistently track all hours volunteered and any donations given in the **Community Engagement Portal**, World Relief's community engagement platform. Gathering this information enables World Relief to:

SHARE THE VALUE OF VOLUNTEERISM

We measure and report just how important and valuable volunteer services are to our community.

DEMONSTRATE ACCOUNTABILITY

Some community partners (such as universities, high schools, and businesses) require their volunteers' hours logged in an official capacity on behalf of the host organization.

IMPROVE VOLUNTEER PROGRAM

When volunteers log their time, we can learn where there is most impact and invest in those areas to improve the program.

SHARE PROGRAM IMPACT

It's important to show donors, volunteers, stakeholders, and community members that together, we are making a difference.

ACQUIRE FUNDING TO EMPOWER MISSION GROWTH

Most nonprofits rely on grants and other outside funding, and many granting-giving foundations require organizations like WR to track and report our volunteer contributions.

We train all of our volunteers on how to log your service by providing tools that work best for you, whether you prefer to go online to our web portal, use a cell phone app, or a paper log in order to tell your volunteer story and share what activity you are doing as a volunteer with World Relief.

Staff & Volunteer Relations

WR staff and volunteers come together at World Relief to work toward achieving the mission, goals and objectives of the organization, both contribute in significant ways. Volunteers do not replace or displace paid positions. We value the experience and insights of both paid staff and volunteers and encourage feedback about our organization, processes and programs. Such feedback can be passed through respective supervisors or addressed at our evaluation meetings.

STANDARD OF APPEARANCE

Volunteers are not held to specific dress guidelines, but are asked to maintain standards of personal cleanliness and modesty. At World Relief, we serve families from many different cultures and religions, most of which value modesty, especially for women. Keep this in mind when choosing your outfit so that what you wear will convey respect to the families you are serving. For those volunteering within a World Relief office, there is a specific business-casual dress code.

VOLUNTEER RECOGNITION

At World Relief, volunteers are a part of our World Relief family as we work together to provide vital services, build just and welcoming communities, and bring people together. We are committed to recognizing and appreciating all World Relief volunteers as extremely valuable to our organization and the families we serve.

In cases where the safety and wellbeing of clients or the best interests of World Relief's require immediate dismissal, World Relief will not follow the procedure listed above. World Relief reserves the right to determine in its sole judgment what acts or omissions will require immediate dismissal. Behaviors which will result in immediate dismissal include, but are not limited to:

- Sexual harassment
- Physical or verbal assault or abuse
- Alcohol or drug use during volunteering
- Dishonestly obtaining a benefit, or causing a loss, by deception or other means, or misuse of World Relief resources
- Unlawful Discrimination
- Conflict of interest
- Other inappropriate behavior, as determined by World Relief exclusively on a case-by-case basis.

RESIGNATION

Volunteers are valuable assets to World Relief. At the same time, World Relief understands that the volunteer's commitment has a beginning and an end. World Relief requests that if possible, volunteers give a two weeks' notice before their last day. This helps World Relief adjust the schedule and provide back up for the roles of the volunteer. If possible, World Relief will perform an exit interview with the volunteers and, if appropriate, ask the volunteer to recruit and train a volunteer to take their place.

EXIT INTERVIEW

If possible, volunteers should complete an exit interview sent via email or during a debrief meeting upon exiting service or volunteer opportunity with World Relief. These interviews are for volunteers who leave under ordinary circumstances not including dismissal from service. World Relief appreciates the constructive criticism and welcomes it.

“BEING A PART OF A GOOD NEIGHBOR TEAM HAS BEEN SUCH A BEAUTIFUL AND HARD EXPERIENCE, BUT ONE I WOULDN'T TRADE FOR ANYTHING. IN THE WORLD'S SUFFERING, WE CAN BE IGNORANT OR SUPPORTIVE. YOUR LEADERSHIP HAS HELPED ME BE A SUPPORT TO TWO DEAR AFGHAN FRIENDS AND THE OTHER 7 PEOPLE ON OUR TEAM. I WISH I COULD EMPHASIZE HOW VITAL THIS MINISTRY IS TO EVERYONE I MEET!”

JEANNE COLOMBANA, WORLD RELIEF FOX VALLEY VOLUNTEER

HISTORY OF REFUGEES IN WISCONSIN

Over the last 13 years the World Relief Wisconsin has welcomed over 1,600 refugees into the Fox Valley and Chippewa Valley. Our new neighbors come from a variety of countries such as the DRC, Myanmar, Afghanistan and others.

Our Fox Valley office opened in 2012 and our Chippewa Valley office opened in 2023.

I have been a volunteer with World Relief for five months. My Afghan friend told me that he was nervous to come to America because he heard from many people that Americans did not want immigrants here. Through our friendship he said he learned it was just the opposite. We were so kind, welcoming and supportive. Our friendship goes both ways, as well as through our families. We are so blessed to have this opportunity to show other cultures we welcome them with love.
